

## CLOUD BASED DIGITAL SIGNAGE STRAIGHT OUT OF THE BOX WITH THE TOPAZ™ SL SERIES INCORPORATING WI-FI

Our SL Series displays epitomize the brand values with a striking tablet like design but with all the inbuilt functionality to deliver a true value driven solution including inbuilt Wi-Fi to seamlessly connect to our TOPAZ™ CMS. With this model of screen no other equipment is required to deliver networked digital signage from anywhere in the world.. **Just add Power!**

From a design perspective the SL Series are elegant displays with their buttonless tempered glass face, rounded corners, super-slim profile and brushed aluminium frame all adding to their eye-catching tablet like aesthetics.

- Commercial Grade Digital Signage Screen
- Built in Media Player
- CMS Software
- Wifi & LAN (optional 3G)

The TOPAZ SL All Inclusive Solution

**TOPAZ SL DISPLAY**

## PRODUCT HIGHLIGHTS

### TABLET STYLE DESIGN

The SL Series all feature edge to edge tempered glass, rounded corners & brushed aluminium frame to create a stylish and sophisticated Tablet style finish ensuring your message stands out and creates the WOW factor.

### DESIGNED FOR DIGITAL SIGNAGE

Unlike a TV the TOPAZ™ SL Series are designed specifically for Digital Signage.... This means that they all feature commercial grade panels, can operate in either Portrait or Landscape & that they are designed to run 24/7.... Giving you maximum ROI

### WI-FI BUILT IN

The SL Series Screens have integrated Wi-Fi enabling you to connect seamlessly to the TOAPZ™ CMS system. This ensures you can update your message from any PC in the world!

### TOPAZ CONTENT MANAGEMENT SYSTEM

The TOPAZ Content Management System [CMS] allows you to log in from any PC in the world using your account password and update, schedule and manage all the displays on your network with NO recurring costs!

## TOPAZ CONTENT MANAGEMENT SYSTEM (CMS)

- Manage your content through our **cloud based** content management system from **anywhere in the world**.
- User control enables you to **manage your users** and control who in your organisation has access to update specific areas
- Clients are issued with a username and password for our **secure web portal**, where they can **upload their content** at the click of a button which is stored on our **secure server**.
- Utilize **zoned templates** to present your videos, images, scrolling text messages, web pages and **live** RSS feeds.
- Create multiple playlists to determine exactly when the **relevant content** is displayed.
- Update your screens **individually** or in **groups, manually** or **automatically** depending on your requirements.

**Create custom layouts** - Choose from one of the pre-designed templates or create your own layouts using zones such as video, images, text, web pages, weather and more!

This allows you to deliver targeted content and display your messages exactly how you want to!

**Populate your layout** – Upload your images and videos and simply drag and drop into your created zones to create your playlist!

Text zones can also be populated through linking to external RSS feeds or custom messaging – ensuring your messages are targeted as well as informative!

**Update your screens from anywhere** - Content can be uploaded and managed from anywhere in the world via our secure web portal. Simply log in, upload your images and videos to our secure server and send them directly to your screens.
