

REACH YOUR CUSTOMERS WHATEVER THE WEATHER WITH THE TOPAZ OUTDOOR TOUCH DISPLAY RANGE

With our **OVSL Outdoor Range** we enable you to broadcast your message regardless of the weather but with our integrated 10point P-CAP touch technology you are also able to engage customers in a wide range of locations. Ideal for outside buildings for data capture or product information to ensure when you are closed you are not losing business!

High impact screens designed to house a small format media player of your choice you can now expand your network to external locations. Our commercial grade displays are IP65 rated and enable you to ensure your message is seen even in the brightest conditions with the ultra-high bright panels which are 5 times brighter than our indoor screens

The TOPAZ Outdoor Solution

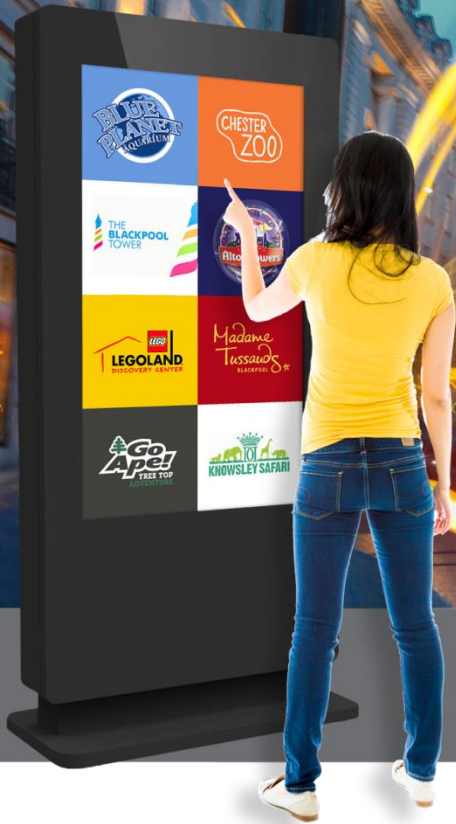

- Commercial Grade Digital Signage Screen
- Sealed storage for media player
- Fully Weather proofed IP65 enclosure
- Ultra High bright panel
- In-built ambient light sensor
- Wide operating temperature range

PRODUCT HIGHLIGHTS

SEALED COMPARTMENT

Perfect for housing your small form factor PC or Media Player, the TOPAZ Outdoor Display has a fully weather proof lockable compartment.

SUNLIGHT READABLE

Brightness is paramount when using outdoor screens, these displays use commercial grade Ultra High Brightness panels (2500 cd/m²); more than 8 times brighter than a standard home TV to allow easy readability in direct sunlight.

ANTI-REFLECTIVE GLASS

The glass frontage is also anti-reflective to help defuse direct sunlight shining on the display.

OUTDOOR ENCLOSURE

Designed with robust, corrosion protected, casing to protect against the elements and the public. With an IP65 rating, it keeps out all airborne particles as well as being protected from any wet weather conditions and also feature waterproof over moulded AV connectors.

10 POINT P-CAP MULTI TOUCH

With 10 simultaneous touch points these displays may be small but enable maximum interaction with your customers. With stunning responsiveness the P-CAP touch technology puts your information at your customers fingertips
