PRODUCT HIGHLIGHTS

END-TO-END PLACEMENT

Place the TOPAZ digital shelf display side by side and create eye-catching animations running smoothly between each display. Making all sales messages run through the shelving, allowing your brand to stand out among any other.

TOUCHSCREEN

With the touchscreen the set-up for the TOPAZ digital shelf is incredibly simple and quick. Utilise the touch screen display to advertise additionally information about assorted products.

TABLET STYLE DESIGN

The TOPAZ digital shelf display is equipped with an anti-glare coating, allowing for clear images and text even in the brightest conditions. As the display is traditionally mounted with an upward tilt, under bright lights normally making text difficult to read. To combat this, the display has a special anti-glare coating that reduces reflections even in the brightest conditions.

DESIGNED FOR DIGITAL SIGNAGE

The TOPAZ™ digital shelf are designed specifically for Digital Signage.... This means that they all feature commercial grade panels, can operate in either Portrait or Landscape & that they are designed to run 24/7.... Giving you maximum ROI
