PRODUCT HIGHLIGHTS

MADE FOR WINDOW DISPLAYS

With a 3,500cd/m² outward-facing screen to combat direct sunlight and a 1,000cd/m² inward-facing screen to combat brightly lit indoor spaces, these dual-sided displays are designed for shopfront windows.

DOUBLE SIDED DISPLAY

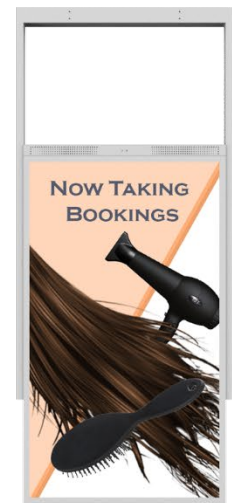

Create maximum impact with the dual sides, making this the perfect addition to any window display. Advertise to both outdoor customers as well as indoor. The displays can show the same content or separate content for maximum effectiveness.

SLIM LIGHTWEIGHT DESIGN

The TOPAZ Hanging display has been carefully designed to be the as light wieght and slim as possible, that it can fit in almost all window displays. It has been designed to be as compact as possible whilst reducing cord clutter and with high energy efficiency.

24/7 USAGE

The TOPAZ Hanging display has been designed for constant usage in mind and will run 24/7 for over 70,000 hours. With the commercial grade LCD Panel, LED backlights and internal components this display is designed to last.
